Student Outcomes Reporting System (SORS)

This report was run by:
British Columbia Institute of Technology

This report was run on:
24/04/2023

This report shows data from:
Survey name: BC Baccalaureate Graduates Survey (BGS)
Survey year(s): 2020, 2021, 2022
Results are from previous **graduating years 2018 - 2020** and are subject to industry and occupational trends

About the BGS survey:
The BGS survey is conducted annually from September to January, with funding from the ministry responsible for post-secondary education. The eligible cohort consists of graduates from B.C.'s public post-secondary institutions who have completed their bachelor's degree programs two years prior to the survey.
Please note the BGS does not include international students.

Data Definitions:
Information provided through BC Student Outcomes
* Please take caution when interpreting the results with a response count less than 30, as they may not be statistically valid.
Eligible Students: Count of total graduates in program.
Respondents: Former students who responded to the BGS survey.
Programs less than 8 respondents are excluded from Summary Outcomes individual program reports.
Response Rate: Percentage of survey respondents to all graduates surveyed.
% in Labour force: Respondents in labour force, includes people who were employed as well as those who were looking and available for work at time of survey.
% Employment rate: Those who responded were working and in the labour force.
% Currently employed at time of survey: Those who responded that they were currently employed at a job or business at the time of survey. (Asked of all respondents) Note: BCSTATS web page "employment rate" results use the currently employed calculation.
% Employed respondents either working full or part-time: Respondents currently working in labour force either "full" or "part" time.
% Of those employed, currently in training related job: Occupations that respondents describe as "very", "somewhat", "not very" or "not at all" related to their studies.
Gross median annual salary (full-time – main job): Salary of employed full-time respondents.
% Usefulness of acquired knowledge, skills and abilities in performing job: These are acquired skills and abilities that the respondent describes as "very", or "somewhat" useful in their job.
% Of those currently not employed, main reason why: What is the main reason respondents are currently not employed at a paid job or business.
% Satisfied with education: Respondents who felt "very" or "satisfied" with education they received from program.
% Rate quality of instruction: Respondents who felt quality of course instruction was "very good" or "good".
% Have taken further studies since leaving program: Respondents taken any other formal post-secondary education or training.
% Type of further education taken: Type of formal post-secondary education or training taken by respondents.
% Were currently studying: Respondents currently enrolled in formal post-secondary education or training at time of survey.
% of Funding graduates relied on to pay for their education: Most important or primary source of funding that respondents relied on to help pay for the educational program they completed.
Age: Break down by age groups (age is at the time of survey). Age grouping changed in 2017.
