

Sustainable Business Consulting Project Submission Form

School of Business + Media
3700 Willingdon Avenue, Burnaby, BC, Canada V5G 3H2

The Sustainable Business Consulting Project (SBCP) is a 6-month project that runs from January to June each year. Through the project, Sustainable Business Leadership (SBL) students work with clients in the private, public, and non-profit sectors around a sustainable business challenge. Projects are managed and completed by student project teams under the guidance of their faculty advisor.

Please fill out this project submission form and submit it by email to sbl@bcit.ca. The submission deadline is **November 15** each year. Clients whose projects are selected will be notified by mid-December.

Organization Description (150 words or fewer)

Potential Partner Organizations (Optional)

Let us know if there is another organization that could co-sponsor this project (e.g. an industry association).

Project Description (300 words or fewer)

Note that projects are completed by SBL students under the guidance of a faculty advisor. Our students are expected to deliver high quality work, but they are not professional consultants.

How did you hear about SBCP?

Client Commitments

Should this project be selected, the client commits to being available on a bi-weekly basis during the project term to work with the students and provide information, feedback, and guidance.

There is a \$500 fee associated with each selected project, which is used to provide support and opportunities for students in the SBL program. This fee can be waived on a case-by-case basis for not-for-profits, social enterprises, and small businesses.

I have read and understood commitments required from a client, including the fee of \$500.

If you have any questions about project submission or client commitments, email us at sbl@bcit.ca.
